

Master Sid

Synthetic lime paint for whitewashing walls and ceilings.

Product description:

Synthetic lime-based paint for whitewashing walls and ceilings; cost-effective with high coverage rate.

Uses:

Master Sid is suitable for interior painting of walls, ceilings, concrete surfaces, plaster and drywall.

Properties:

- Applied in two coats.
- High whiteness.
- Excellent coverage rate.
- Easy to work with.
- Ready for use, designed for interior use.
- Non-toxic and breathable.
- Does not yellow.

Application instructions:

- The application surface should be clean of any dust, dirt, oil or loose layers.
- Do not apply to wet walls.

Interior walls:

- Applying on new surfaces: Apply a **first coat** as a primer; then apply 2-3 coats of **Master Sid**.
- Application on old surfaces (painted walls): Remove and peel off any loose paint, then repair and sand the wall. Then apply two coats of **Master Sid**.
- After preparing the surface, apply a first coat of Master Sid using a roller, brush or airless device.
- The first coat of **Master Sid** may be thinned with 5-10% water.
- After applying the first coat, a second coat may be applied, thinned as needed.
- Drying time between coats: At least three hours.
